

WHAT IS CLAIMED IS:

- 1 *Dw* *az* > 1. A method for storing and retrieving electronic records, said method
2 comprising:
3 creating a transaction by buying a good or service;
4 forwarding an electronic record with details of said transaction to an
5 electronic-record repository;
6 retrieving a copy of said electronic record from said electronic-record
7 repository over an internet.
- 1 2. The method of claim 1 wherein said step of creating comprises
2 creating a transaction by buying from a physically extant merchant.
- 1 3. The method of claim 2 wherein said step of forwarding comprises
2 forwarding said electronic record to an electronic-record repository
3 containing an electronic record with details of a transaction created at business
4 other than said merchant.
- 1 4. The method of claim 1 wherein said step of creating comprises
2 creating a transaction by buying from a virtual business.
- 1 5. The method of claim 4 wherein said step of forwarding comprises
2 forwarding said electronic record to an electronic-record repository
3 containing an electronic record with details of a transaction created at business
4 other than said merchant.
- 1 6. The method of claim 1 wherein said step of forwarding comprises
2 forwarding to an electronic-record repository an electronic record with
3 details of said transaction, said details including one of date, time, amount,
4 merchant identification, merchant's store identification, merchant's store cash-
5 register identification, merchant's cashier identification, payment type, payment

1 card number, payment-card expiration date, line items, line-item prices, transaction
2 total, transaction keys, transaction type and electronic signature.

1 7. The method of claim 1 wherein said step of forwarding comprises
2 forwarding an electronic record to an electronic-record repository at the time
3 of the transaction.

1 8. The method of claim 1 wherein said step of forwarding comprises
2 holding said electronic record and then forwarding said electronic record to
3 an electronic-record repository at a predetermined time following said transaction.

1 *Draft A4* 9. The method of claim 1, wherein said step of retrieving comprises
2 retrieving a copy of said electronic record from said electronic-record
3 repository over an internet using internet-enabled software.

1 10. The method of claim 9, wherein said step of retrieving comprises
2 retrieving a copy of said electronic record from said electronic-record
3 repository over an internet using a web browser.

1 11. The method of claim 9, wherein said step of retrieving comprises
2 retrieving a copy of said electronic record from a web site using a web
3 browser.

1 12. The method of claim 9, wherein said step of retrieving comprises
2 using a web browser to log onto a website hosting said electronic-record
3 repository; and
4 retrieving a copy of said electronic record from said web site using a web
5 browser.

1 *Draft A5* 13. The method of claim 1, wherein before said step of retrieving, the
2 following step is performed:

1 *Dub C5* searching for said electronic record on said electronic-record repository over
2 an internet.

1 14. The method of claim 1, wherein said step of creating comprises
2 buying from a merchant and
3 wherein said step of retrieving is performed on behalf of said merchant.

1 15. The method of claim 1, wherein said step of creating comprises
2 buying from a physically extant merchant and
3 wherein said step of retrieving is performed on behalf of said merchant.

1 16. The method of claim 1, wherein said step of creating comprises
2 buying from a virtual business and
3 wherein said step of retrieving is performed on behalf of said merchant.

1 17. The method of claim 1, wherein said step of creating comprises
2 selling to a buyer and
3 wherein said step of retrieving is performed on behalf of said buyer.

1 18. The method of claim 1, wherein said step of creating comprises
2 selling to a buyer at a physically extant merchant and
3 wherein said step of retrieving is performed on behalf of said buyer.

1 19. The method of claim 1, wherein said step of creating comprises
2 selling to a buyer at a virtual business and
3 wherein said step of retrieving is performed on behalf of said buyer.

1 20. The method of claim 1, wherein said step of retrieving is performed
2 on behalf of a third party to said transaction.

1 *Dub C6* 21. The method of claim 1, wherein said step of retrieving comprises
